

K4 News

April 5, 2017

Take a Peek at our week...

- We learned about spring.
- We discussed what kind of weather happens in spring.
- We talked about what do trees look like in spring.
- We learned and observed which animals return in the spring.
- We made kites and played with them outside.
- We are growing grass in our classroom!
- We started working in journals in the afternoon and practicing our writing skills!
- We continued the story of Jesus's journey to the cross. We reviewed what happened so far to Jesus on his journey and learned about Easter morning. We discovered that Jesus defeated the devil and now we can go to heaven! What wonderful news it is!
- We explored the long 'e' and the short 'e'. We wrote the number 90-99. We traced, wrote, and stamped the word find.
- **April Volunteer Calendar is posted on the Parent Bulletin Board. If you are interested in volunteering in the classroom for a day, feel free to sign up for a date on the calendar.**

Special points of interest:

- ☺ 4/9 Palm Sunday
