MEN'S RETREAT THEME: EQUIPPED

Have you ever gone on a backpacking trip? Whether for a day or a week, there was probably a packing list of what you thought you would need to meet the variety of circumstances that could happen on your mini adventure. But what about that item you didn't pack, but didn't realize until you were already on the journey? You have the tent, but forgot the tent stakes. Flashlight... check, but no batteries. **Equipped?**

Have you ever taken on a house project? How many trips to the home improvement store does it take to finish it? If you say one, we remind you that lying is a sin! You were halfway through installing the faucet and you realized you bought the wrong fitting. You were all set up to repaint the hallway, but you're out of paint rollers. **Equipped?**

Ephesians 4:12 - "...to equip the saints for the work of ministry, for building up the body of Christ."

The 2022 St. John's Men's Retreat is all about how we have been equipped by God to not only serve Him, but to build up His people and grow His Kingdom. What if the journey God is leading isn't best served by running every checklist of what to bring, but actually taking inventory of what God has already packed and prepared for you at this very moment? What if the project God has laid in front of you has all the right parts and tools, but are spread out among the people you live in community with everyday?

Equipped! This year's retreat is about that "journey" and that "project", and even more so, the God who is faithful to prepare and lead you through it all.
